PROSPECTS FOR CURLING SEASON LOOK BRIGHT

Drawing their representatives, skips of the Wainwright Curling Club named no less than thirteen rinks at a well attended meeting of the organization held in the council chamber on Thursday evening of last week. With several rinks in excess of those of any previous year, prospects for the "roaring" game during the season 1915-16 look exceedingly rosy.

At the meeting on Thursday evening it was decided that two members of any one rink must be present to play in any scheduled game and that for substitutes, the men must be of equal standing to the absentees of the rink and must meet with the approval of the opposing skip.

Another order passed was that necessitating skips to collect fees from their rink before the commencement of the schedule of games. The entry fee is \$5 per member.

The following are the rinks chosen for the season:—E. K. Smith, W. C. Bowen, V. E. Graham, J. C. Foreyth, skip; F. W. Bell, H. W. McLeod, J. D. Kaine, R. H. Watson, skip; M. Greer, H. Smith, S. J. Covey, P. E. Ross, skip; H. P. May, G. H. Baudry, F. W. Fish, H. C. Munn, skip; S. McLuhan, J. W. Stuart, A. Love, J. L. Gerow, skip; N. E. Zinkan, E. N. C. Langway, W. Brown, W. E. COLLEGE PROSPEROUS

Among the different schools and colleges in the province that are worthy of support, perhaps none is doing more successful work than the McTavish Business College. During these years it has remained under the same energetic and progressive management and has grown from a very small beginning until to-day its yearly enrollment is the largest in the province. A new term opens Monday, Jan. 3rd. The principal will be glad to give full particulars to all interested students.

H. A. COOK HEADS POLL FOR COUNCIL; SMALL FOR TRUSTEES

Successful Candidates

Council	
H. A. Cook	73
H. Smith	71
J. B. Milne	70
School Board	
F. Small	74
V. E. Graham	70

Results of the council and school board elections held in Wainwright on Monday last proved a complete victory for the administration of 1915, all of the candidates who received the support of council followers being elected by substantial majorities. Not one of the candidates receiving the backing of the Citizens' Association were elected to office. The votes given association candidates provided an interesting comparison. They were as follows: for council, P. E. Ross, 48, Dr. Little, 48, Dr. Middlemas, 47; for school board, S. R. Bowerman, 48, R. Kenny, 28.

The election throughout was a clean one and congratulations are here extended to Mr. H. A. Cook, who headed the poll for the council and to Mr. F. Small, who was given premier honors in the school board fight. Herb. Smith and J. B. Milne polled an excellent vote as did also V. E. Graham. To the electors, successful candidates give their thanks and state their intention of using every endeavor to aid in the control of the town affairs along economic and sane lines.

The number of voters polled was fairly heavy considering the absence of a mayoralty contest and proved the interest being taken generally in town affairs.

Look out for the Carollers on Christmas Eve.

A daughter was born to Mr. and Mrs. A. D. Ferguson on Friday last. Both mother and child are doing well.

Jack Elliot, formerly a brakeman with headquarters in this town, has been killed in action.

Highest prices will be paid for No. 1 fat cattle and hogs by Stuart & Peterson on Monday, Dec. 27th.

A concert and dance will be held in the Grangodale school house on Friday evening of this week.

A meeting of town council will be held in the council chamber on Tuesday evening.

Mrs. Dr. McQueen has returned from Chicago, much improved in health.

Bob Harris of Gilt Edge has left Wainwright for London, Eng. Leaving the big Metropolis, Mr. Harris will journey to his home in Ireland.

O. J. Elder was called to Edmonton last week owing to the death of his brother, Max. Mr. Elder will accompany the remains of the deceased to the family home in Atholstan, Que.

RETURN WITH HORSES

Following a visit to Delburne, Mosses Geo. and Herb. Smith have returned to Wainwright with a car load of fine work mares and geldings, which will be sold in the district. A number of the horses will be placed on sale by H. Smith at the Alberta barn. The balance may be seen at G. A. Smith's ranch.

J. J. RITCHIE IS HERE

Mr. J. J. Ritchie of Saskatoon, has arrived in Wainwright to conduct the big sale at the Beaudry store. Mr. Ritchie intends to make his name known by the bargains he will place on sale.

LEAVE FOR OLD COUNTRY

Bound for the Old Country, Mr. and Mrs. Archibald Crawford left Wainwright on Tuesday. They expect to be absent until spring. The Crawford residence has been placed at the disposal of the Rev. Thos. and Mrs. Murphy, who will occupy the dwelling until Mr. and Mrs. Crawford's return.

Mr. and Mrs. Dr. Middlemas will leave Wainwright for Vancouver on Thursday. They will be absent several weeks.

An interesting letter has been received from Frank Mott, now in the trenches, by Roy Argue. It will be published in The Star next week.

Mrs. Geo. Thompson has left Wainwright for Picton, Ont., where she will visit relatives and friends. Mrs. Thompson will be absent several weeks.

Roland Wilbraham of Irma has joined the 63rd battalion at Edmonton. This makes two sons Geo. Wilbraham has now serving with H. M. forces. His other boy is in the R. A. M. C. training at Aldershot, England.

Herb. Smith extends his thanks to the electors in returning him to office. Mr. Smith assures all his supporters that he will do all possible for the benefit of the town of Wainwright.

Wm. Fell left on Tuesday for Calgary where he will attend the show and following will leave to visit friends in the east. Mr. Fell expects to return to Wainwright with a number of high class horses.

Robert Gruber has left for Vancouver where he expects to reside until the spring. Mr. Gruber has not been enjoying the best of health for some time and his departure for the coast comes as a result.

NEWS NOTES ON LOCAL HOCKEY CLUB

Arrangements are being made for the formation of a town hockey league with possibly five teams competing, including a team from Gilt Edge.

It is expected that a new club room will be fitted up in the rink solely for the use of the Hockey Club.

The Club has been given the exclusive right to cater to the skating public during the season, excepting on the evenings of a carnival or similar function.

Membership tickets may be purchased for \$2.00, one dollar of which may be applied on the purchase of a season ticket if so desired.

Present indications look rosy for a successful hockey season in Wainwright.

WAINWRIGHT MILL IS PLACED UNDER NEW MANAGEMENT

The interests of C. H. Mohr of the Wainwright Milling Co. have been purchased by C. E. Bird of Minneapolis. A. E. Mills of this town, has been made manager and it is his intention to immediately begin an advertising campaign to make the mill one of the foremost in the west. Mr. Mills will travel the G. T. P., east and west and hope to have Wainwright flour represented in all towns and cities.

Mr. C. H. Mohr will remain in Wainwright until the arrival of a new miller; Mr. Bird will stay here until present plans have been perfected. The new manager, Mr. Mills, is an old time resident of this town and under his generalship, the local flour industry should be given an impetus that will prove of benefit not only to the local concern but to the town generally.

Rink Has Successful Opening; Many Persons Enjoyed Evening Event

With a large number of town and district people in attendance, the opening of the skating rink for 1915-16 was effected on Friday evening of last week. The band was in attendance and all skaters spent an enjoyable evening. An added feature was the refreshment booth which was conducted under the auspices of the Hockey Club. It proved a good service and was so well patronized that the feature will be continued on band nights during the season.

Cards were posted in all stores yesterday in connection with rink regulations for the season. They gave the following information: "Rink will be open for skating on evenings of Monday, Wednesday, Friday and Saturday from 7.30 to 10 o'clock. Also on Saturday afternoon from 2 to 4 o'clock. Tuesday and Thursday evenings are set aside for hockey. Tickets will not admit holders to Saturday afternoon skating. The price of season tickets will be: gentlemen, \$4.00; ladies, \$3.00; children, \$2.00. Special reduction will be made for families. The band will be in attendance on Wednesdays and Fridays.

VALE COUNCILLORS HOLD REGULAR R. M. MEETING

Councillors of the R. M. of Vale met recently and transacted many items of business. It was decided to hold next meeting of council on Dec. 18th. Those in attendance at the meeting under review were Messrs Coulter, Guy, Taylor and Davey. Among the resolutions passed were the following:

Guy: "That ratepayers who are affected by the opening of a road between sections 30 and 31-41-5, receive \$12 per acre." Davey: "That J. Taylor interview a solicitor re E. V. Taylor's account as collector and get written statement as to whether the R. M. of Vale is liable for commission claimed by Mr. Taylor." "That any bills caused by road supervisors be O. K'd by road supervisor."

Guy: "That nominations be held at Daisy S. H." Davey: "That 1915 taxes against N.W. 13-42-5 be cancelled." Coulter: "That secretary write C. P. R. re Thorpe's section, N. E. 17-12-6, and get advice as to whether Mr. Thorpe has returned said land to C. P. R." Among other business transacted was the authorization for the payment of several accounts.

LETTERS TO THE EDITOR

The planks have again been removed from the main railway crossing east of town. As the driveway here crosses the rails in a slanting direction the wheels of rigs almost invariably skid on the rails. The writer was an eye witness to an occurrence of this kind last evening when only the most favorable circumstances prevented serious results.

Last year representations were made to the railway by town officials regarding this matter and the planks were replaced only to be taken up again in a few days. This crossing is well within the yard limit and it should not be a burden to the railway to keep it intact until sleighs are being used exclusively so that danger to people crossing may be as far as possible eliminated.

Yours truly,
SOUTH SIDER

WAINWRIGHT ALTA., WEDNESDAY, DEC. 15th., 1915

THE RESULT OF MONDAY'S VOTE

THE EFFORTS of the Wainwright Citizens' Association were repaid to in a clear way—an emphatically clear way—by the electorate on Monday and to view the results from which ever angle one desires, the outcome of Monday's ballot was an absolute denunciation of that organization which alleged to have as its purpose the beneficent aiding of the municipal affairs of the town of Wainwright. The blow of defeat came right from the shoulder. It was strong and firm. It showed no mercy or sympathy and it evidenced completely and well that the people fully approve of the work of the council of 1915 and were entirely satisfied to see the same class of administration followed during the ensuing term of office.

NO CITIZENS CANDIDATES ELECTED

Not a single candidate that had the backing of the Citizens' Association was elected to council or school board. This was not because their individual calibre fell short of that of the successful nominees, for good men were turned down. The reason was that the majority of those privileged to cast the ballot did not approve of the various attitudes that had been followed by the association since its inception shortly after the mayoral election of last year.

THE ASSOCIATION FELL DOWN

In its prime purpose of aiding council, the Citizens' Association fell down badly: about this there is no doubt in the world. It stumbled at its very inauguration meeting for at that session it denounced council—whom the majority of the electorate had just previously elected—and it gave birth to the enmity and dissatisfaction that has existed toward council ever since. In the oratorical offerings of M. ember Baynton, at this very initial meeting, council was literally picked to pieces. That council had never been any good and that council would never be any good until prime movers of the association took hold of the reins, were the only thoughts that could be deduced from his flowery utterances. Thus it was that the Citizens' Association was born in enmity; thus it is that it has been clothed in grievance ever since.

REGARDING A CITIZENS' ASSOCIATION

We do not wish it understood that The Star does not approve of the existence of a Citizens' or Ratepayers' Association. Such an organization could accomplish good work if it had as its ideal the rendition of sympathy and assistance to those men on the council board whose work is none too easy at the best of times. But even with all this, there is hardly the necessity for such an organization in this town for with the number of ratepayers so comparatively small, the town's most competent men are usually chosen to transact the town's affairs. And surely they should be fully capable of controlling these affairs in a manner to meet with the approval of the people electing them.

EVERY FARM IS A FACTORY

Like any other factory, a farm requires a properly equipped plant. That means well designed buildings. The British Columbia Forest Service is publishing a series of bulletins on farm buildings, the plans for which, the bills of material, and instructions how to build, were prepared by the College of Agriculture of the University of Saskatchewan. The Forest Service has supplied information concerning the best woods to use.

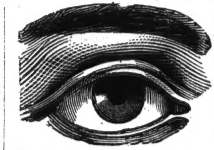

No expense or pains have been spared to make these bulletins of real value to the farmer. Even if you do not expect to build immediately, these bulletins will help you to work out your plans for extending or improving your plant and will enable you to find out the cost beforehand.

Any of the following bulletins in which you are interested will be mailed free on application to the Chief Forester, Victoria, B. C. Complete reference sets will also be supplied lumber dealers on request.

VICTORY FOR CAUSE OF ALLIES IS AS CERTAIN AS THE SUNRISE

Sir Arthur Conan Doyle Writes an Article for the United States Press, and Strongly Combats the View that the War to Date has been Unfortunate for Great Britain

St. Arthur Court. De la Voie has written for the U. S. press a vigorous article, in which he combats the view that the U. S. is a day's march from catastrophe for Great Britain. He scores the British for their national weakness in the face of depopulation and proceeds to say in part:

"Yet in our heart of hearts we are aware that the victory as yet in our row's sun will come from the diplomatic warfare that so gallantly our audacious country has waged in the world, in which our countrymen have been engaged has been marked in the same way as the time by sixth century successes at the close of the last millennium."

But the English have been those of our allies: our victories have largely been our own. Germany can make a good showing up to date against the Allies. And the British Empire has been beaten at every turn.

Consider what we have done in this war. We have not and could not do with the opening of any of our greater wars. In our war against the Central Republic, we have won upon her oars for many months.

"What next could they advance upon? Constantinople, with a strong fleet, entrenched upon the Bosphorus. St. Salonica, with a strong army really welcome an army of Bulgarians. Their hereditary enemies marching against their capital, and the capture of her hereditary friends."

"And, if we assume everything and suppose the worst, what then? How will they cross the Egyptian desert and meet the quarrelsome Bedouins? How will they march up on the Suex canal? What will it profit them to be strong in Asia Minor, when the British fleet will be worn there (towa east and west and the ever thickening allied lines will be in the way of their progress?"

"The more steadily one goes at these fantastic fables the more they spread and the more they are exposed to ridicule. The gains of the German expedition are shadowy and distant, the losses are obvious and certain. It is the Dardanelles pressure which has drawn them forth."

Not only have we nothing to regret, but we have much to be proud of. It is upon which to congratulate ourselves in actual war, but we have, as in peace, much to be proud of and no mistakes.

Beforehand, thanks to the firmness of our Moral, and our military admiralty, 1908-1911) in the matter of eight great ships and the driving force of our fleet, 1911-1915) in the year immediate before the war, our navy was ready and able to meet the most serious and extreme struggle.

Of the four army corps, which are the backbone of our army, of sending abroad, we have been in time for the first clash and the others followed. We played our part as well as we could, and we won our game, no far as we cannot gain and losses are concerned.

If Mr. McGonagall and Mr. Churchill put us in a strong position upon the land, we were able to do so (tary) forced the weapon which was to do such great service upon the land, and the Germans know it. The splendid territorial army, the officers' training, the discipline, the service, the conversion of the expeditionary force into a practical fighting force, from their clear and far-seeing mind.

When one remembers his long days of peace, and the many times which he and they were subjected; the ridicule with which his assertion was met, and the many times the outbreak of war to make good promises before taking the field, and

"We have held up a great body of their best troops, who would otherwise have been operating against us on the Egyptian and Mesopotamian fronts."

and our ships in trying to force the gates which close her in. When the episode remains a historical reminiscence of the past, the Admiral Duckworth in 1907, this great result will still remain.

"Again, one sequel, which may prove a most unfortunate one, may spring from the Bardsaules. It is our operation there and the consequent danger to their ally which has drawn the central powers on to their

With such men at home, and with our leaders on sea and land, from Admiral Jellicoe and Field Marshal Kitchener to the most farly-far future with a light heart.

"What have they to gain there? Putting aside all megalomaniacal visions, the German people have no other practical goal? Should they overthrow the Soviet Government and still will make no difference in the war, since Serbia had, and I already remarked, been obliged to rest on its arms?"

The German Way

A Sample of the Brutal Severity of the Hun

The brutal severity of the German military authorities is again evidenced in an apparently well authenticated case which has come from the United States. A young German had come over to New York and establishing himself in business some years ago. When the war broke out he was in the United States. He was told he should return and join the army, but he would suffer great loss in a business which he had built up. He decided not to go, as they both had brothers fighting at the front. As the war became more serious he began to express a still stronger inclination

"There is to use then for pressing business, but I have no reason why I should be on our knees thanking the Kaiser for his good intentions. I should prefer to see the Kaiser and the President pushed off Great Britain still in the old strong arms to plan and to die clear brains to strike the brains of the stream."

Investigating Northern Alberta Nickel Deposits

Vicars and Maxim Have Sent Expedition Which May Last Two Years

According to the Mining and Scientific Press of October 30, an important expedition is being conducted in Northern Alberta by two Canadian gentlemen, Mr. J. H. Vicars and Mr. J. H. Maxim, investigating the nickel deposits said to have been found in the Fond du Lac district, east of Lake Athabasca. The item is as follows:

"The British firm of Vicars and Maxim has been sent into the Fond du Lac district, east of Lake Athabasca in Northern Alberta, to investigate the nickel deposits

In reply, came another letter from the young lady again advising him not to go, and stating that the members of their family had been killed in the army, had been killed.

At the bottom of the letter was a signature, "the little girl," and she was stating that the writer of the letter had been executed that morning for not coming to the aid of her father, and not to return to fight for his country.

His Wife—The landlady come 'ere and she 'ad 'im 'ave 'im 'ere rent 'er showed 'im 'er baby.

Her Husband—Oh, did yer? Well, 'ere 'er 'ave 'im 'ere rent 'er 'ave 'im 'er baby and show 'im 'er rent.

Caution children not to play with matches and warn them of the danger of bonfires to both life and property.

Again, one sequel which may prove to be of vital importance may spring from the Dardanelles. It is

our operation here and the consequent danger to their ally which has drawn the central powers on to their southern advance.

"What have they to gain there? Putting in a word for the Serbians, I can advance upon India, what is their practical goal? Should they overthrow Serbia, they will have a heart, but will make no difference in the war, since Serbia had, as I already remarked, been obliged to rest its arms on the Balkan peninsula."

The German War.

"We take our history morning in the morning and often the morning school in the afternoon. I have been writing heretofore. We see every week and backwards, but the man of the street is not at all in the current of the stream."

"I should like to use them for pessimism, but rather good reason why we should be in our knees thanking the Lord that we are not a German people. I do not think that Great Britain still has the old clear brain to plan and to invest strong arms to strike."
